SUPPLEMENTARY INFORMATION: The GSP
program provides for the duty-free
importation of designated articles when
imported from designated beneficiary
developing countries. The GSP program
is authorized by Title V of the Trade Act
of 1974 (19 U.S.C. 2461, *et seq.*), as
amended (Trade Act), and is
implemented in accordance with
Executive Order 11888 of November 24,
1975, as modified by subsequent
Executive Orders and Presidential
Proclamations.

I. The 2016/2017 Annual GSP Review

GSP Product Review Petitions: Any
interested party, including foreign
governments, may submit petitions to:

(1) Designate additional articles as
eligible for GSP benefits, including to
designate articles as eligible for GSP
benefits only if imported from countries

designated as least-developed
beneficiary developing countries, or
only from countries designated as
beneficiary sub-Saharan African
countries under the African Growth and
Opportunity Act (AGOA);

(2) Withdraw, suspend or limit the
application of duty-free treatment
accorded under the GSP with respect to
any article; and

(3) Otherwise modify GSP coverage.

Petitioners seeking to add products to
eligibility for GSP benefits should note
that, as provided in section 503(b) of the
Trade Act (19 U.S.C. 2463(b)), certain
articles may not be designated as
eligible articles under GSP.

As specified in 15 CFR 2007.1, all
petitions must include a detailed
description of the product and the eight-
digit subheading of the Harmonized
Tariff Schedule of the United States
(HTSUS) under which the product is
classified.

Country Practices Review Petitions:

Any interested party may submit a
petition to review the GSP eligibility of
any beneficiary developing country with
respect to any of the designation criteria
listed in sections 502(b) and 502(c) of
the Trade Act (19 U.S.C. 2462(b) and
(c)).

Competitive Need Limitations: Any
interested party may submit a petition
seeking a waiver of the 2016 CNL for
individual beneficiary developing
countries with respect to specific GSP-
eligible articles (these limits do not
apply to least-developed beneficiary
developing countries or AGOA
beneficiary countries). Before
submitting petitions for CNL waivers,
prospective petitioners may wish to
review the 2016 year-to-date import
trade data for products of interest. This
data is available via the U.S.
International Trade Commission's
"Dataweb" database at <http://dataweb.usitc.gov/>. For more
information on CNLs and how they
apply to the GSP program, please visit
the GSP page of the USTR Web site at
[https://ustr.gov/issue-areas/trade-
development/preference-programs/
generalized-system-preference-gsp](https://ustr.gov/issue-areas/trade-development/preference-programs/generalized-system-preference-gsp).

II. Travel Goods Supplemental Comment Period and Hearing

On June 30, 2016, the President
designated certain travel and luggage
goods articles as eligible for duty-free
treatment to least-developed beneficiary
developing countries (LDBDCs) and
AGOA beneficiary countries. A decision
regarding other, generally more
advanced, beneficiary countries was
deferred. In making any decision with
regard to the provision of duty-free
treatment for any eligible article from

any beneficiary country, the President under section 501 of the Trade Act (19 U.S.C. 2461) must have due regard for the following factors:

(1) The effect such action will have on furthering the economic development of the developing countries through the expansion of their exports;

(2) The extent to which other major developed countries are undertaking a comparable effort to assist developing countries by granting generalized preferences with respect to imports of products of such countries;

(3) The anticipated impact of such action on U.S. producers of like or directly competitive products; and

(4) The extent of the beneficiary developing countries' competitiveness with respect to eligible articles. In the 2015/2016 GSP Annual Review, the President determined that a consideration of these factors justified the immediate provision of duty-free treatment to travel and luggage goods from LDBDCs and AGOA countries, but that more analysis was needed with respect to such goods from other, generally more advanced, beneficiary countries. The request for public comments and hearing announced in this notice are intended to create an additional formal process to collect supplemental information relevant to a decision on whether to extend duty-free treatment to this last category of GSP beneficiaries.

Interested parties need not re-submit information previously provided. However, interested parties now have an opportunity to provide any new information or analysis with respect to the possible further extension of GSP benefits for non-LDBDCs for each of the travel and luggage tariff lines under consideration in light of the above mentioned statutory criteria.

USTR aims to conclude its review of luggage and travel goods by January 2017.

III. Requirements for Submissions

All submissions for the 2016/2017 GSP Annual Review and for the Travel Goods Supplemental Comment Period and Hearing must conform to the GSP regulations set forth at 15 CFR part 2007, except as modified below. These regulations are available on the USTR Web site at <https://ustr.gov/issue-areas/trade-development/preference-programs/generalized-system-preference-gsp/gsp-program-inf>.

All submissions must be in English and must be submitted electronically via <http://www.regulations.gov>, using docket number USTR-2016-0009 for the 2016/2017 GSP Annual Review, or

docket number USTR-2015-0013 for the Travel Goods Supplemental Comment Period and Hearing. USTR will not accept hand-delivered submissions. USTR will not accept submissions for review that do not provide the information required by §§ 2007.0 and 2007.1 of the GSP regulations, except upon a detailed showing in the submission that the petitioner made a good faith effort to obtain the information required.

In order to ensure the timely receipt and consideration of submissions, USTR strongly encourages submitters to make on-line submissions, using the www.regulations.gov Web site. To submit comments via www.regulations.gov, enter the docket number for this review—either USTR-2016-0009 or USTR-2015-0013—on the home page and click "search." The site will provide a search-results page listing all documents associated with this docket. Find a reference to this notice by selecting "Notice" under "Document Type" in the "Filter Results by" section on the left side of the screen and click on the link entitled "Comment Now." For further information on using the www.regulations.gov Web site, please consult the resources provided on the Web site by clicking on "How to Use Regulations.gov" on the bottom of the home page.

The www.regulations.gov Web site allows users to provide comments by filling in a "Type Comment" field or by attaching a document using the "Upload file(s)" field. The GSP Subcommittee prefers that submissions be provided in an attached document. If a document is attached, it is sufficient to type "See attached" in the "Type Comment" field. USTR prefers submissions in Microsoft Word (.doc) or Adobe Acrobat (.pdf). If the submission is in an application other than those two, please indicate the name of the application in the "Type Comment" field.

Submissions must include, at the beginning of the submission or on the first page (if an attachment), the following text (in bold and underlined): (1) "2016/2017 GSP Annual Review" or "Travel Goods Supplemental Comment Period and Hearing" and (2) the eight-digit HPSUS subheading number in which the product is classified (for product petitions) or the name of the country (for country practice petitions). Interested parties submitting petitions that request action with respect to specific products also should list at the beginning of the submission, or on the first page (if an attachment) the following information: (1) The requested action; and (2) if applicable, the beneficiary developing country.

Submissions should not exceed 30 single-spaced, standard letter-size pages in 12-point type, including attachments. Any data attachments to the submission should be included in the same file as the submission itself, and not as separate files. Please do not attach separate cover letters to electronic submissions; rather, include any information that might appear in a cover letter in the comments themselves. Similarly, to the extent possible, please include any exhibits, annexes, or other attachments in the same file as the submission itself, not as separate files.

Each submitter will receive a submission tracking number upon completion of the submissions procedure at www.regulations.gov that will be the submitter's confirmation that the submission was received. Submitters should keep the confirmation for their records. USTR is not responsible for any delays in a submission due to technical difficulties, and is not able to provide any technical assistance for the <http://www.regulations.gov> Web site.

As noted, USTR strongly urges submitters to use www.regulations.gov. Any alternative arrangements must be made with Naomi Freeman in advance of submission. You can contact Ms. Freeman at (202) 395-2974.

USTR may not consider for review documents that are not submitted in accordance with these instructions.

Any page containing business confidential information must be clearly marked "BUSINESS CONFIDENTIAL" on the top of that page. Filers of submissions containing business confidential information must also submit a public version of their comments. The file name of the public version should begin with the character "P". The "BC" and "P" should be followed by the name of the person or entity making the submission. Name submissions that do not contain business confidential information using the name of the person or entity making the submission.

Public Viewing of Review Submissions: Submissions in response to this notice, except for information granted "business confidential" status under 15 CFR 2003.6, will be available for public viewing pursuant to 15 CFR 2007.6 at <http://www.regulations.gov> upon completion of processing.
