Resolution 2/2016

Buenos Aires, 07/01/2015 - Published 08/01/2015

SEEN File No. 501; Registry 0363922/2015 the Ministry of Production and

CONSIDERING:

That Law No. 24,425 approves the Final Act in which the results of the Uruguay Round of Multilateral Trade Negotiations are incorporated; decisions, ministerial declarations and understandings and the Marrakesh Agreement establishing the World Trade Organization (WTO).

That among the agreements contained in Annex 1A to the Marrakesh Agreement is the Agreement on Procedures of Licensing.

That, as such, in cases deemed duly substantiated management of applications for imports for consumption may be subject to prior processing of Import Licenses automatic and / or not automatic.

That attentive to the dictates of the General Resolution No. 3823 dated December 21, 2015 of the Federal Administration of Public Revenue, an autonomous body within the Ministry of Economy and Public Finance through which was approved the Comprehensive Imports Monitoring System (SIMI), it is appropriate to use such system for the management and processing of import licenses.

That by Resolution No. 5 dated December 22, 2015 of the Ministry of Production, it was established that the goods included in all tariff positions of the Mercosur Common Nomenclature (NCM) for definitive import for consumption should handle Automatic Import Licenses, except those tariff items of the MERCOSUR Common Nomenclature (NCM) identified in this standard, or in the future replace should process non-automatic import licenses.

Because of the need to make certain amendments to the standard cited above, to ensure the transparency and predictability of the system and avoid possible diversions of trade, in conformity with what is disposed by the Agreement on Procedures of Licensing mentioned.

In this sense it is appropriate to amend Annex I of Resolution No. 5/15 of the Ministry of Production in order to facilitate customs operations of the goods reached by the regime of automatic import licenses.

On the other hand, it corresponds to make adjustments in point 1) of certain Annexes to Resolution No. 5/15 of the Ministry of Production; in order to correct inconsistencies detected both in certain tariff positions of the MERCOSUR Common Nomenclature (NCM), as well as in references and / or its respective texts.

It has further noted the desirability of incorporating certain goods to the regime of non-automatic import licenses in order to be able to carry out monitoring of imports, prior to income of goods.

Finally, it is considered necessary to reformulate Article 7 of that resolution in order to clarify the situation of Advance Import Affidavits (DAI), established by General Resolution No. 3,252, dated January 5, 2012 of the FEDERAL PUBLIC REVENUE ADMINISTRATION, an autonomous entity within the
