AN INVITATION TO PARTICIPATE IN SRI LANKA'S GROWTH DECADE

**His Excellency
Gotabaya Rajapaksa**

President of Sri Lanka

Sri Lanka is looking to unleash a decade of growth to rapidly increase its GDP, taking advantage of its inherent strengths and global supply chain shifts. Our strategic location combined with our business-friendly policies will be an accelerator for this fast-paced growth.

The Sri Lankan Government is pro development. We proactively support businesses, as is evident from our progressive policies, policy consistency, and fiscal incentives. The upcoming Port City will create an even more conducive environment for Foreign Direct Investments into Sri Lanka.

We are focused on making Sri Lanka a hub for global business activities across diverse sectors, and we are excited to invite global companies to establish their presence in Sri Lanka to make the most of this opportunity.

SRI LANKA: ASIA'S NEXT GROWTH HAVEN

GDP per capita ~\$4000 (2-3x of South Asia average) is expected to become 2X in next 10 years, offering attractive investment opportunities in Sri Lanka

- Aggressive investments in public infrastructure and growth enablers
- Rapid increase in consumption-led growth
- Exports set to increase from \$20bn in 2019 to \$30bn by 2025
- Low interest rate regime

Colombo Stock Exchange is the fastest growing stock market in the region with \$15bn in market capitalization

- 70% increase in new investor registrations in 2020
- Zero capital gain tax and zero dividend withholding tax for foreign investors

Sri Lanka to be a knowledge-driven economy with 3X growth in the number of graduates by 2025; Information & Communications Technology (ICT) exports expected to grow by 2.5x by 2025

Government of Sri Lanka offers industry-leading incentives, low tax regime and consistent tax policy for 5 years

Regulatory, legal and state reforms underway to improve "Ease of Doing Business" in Sri Lanka

Established economic hub with >2200 companies that have invested via BOI (~1200 foreign companies) contributing to 85% of industrial exports

New SEZ law proposed for Colombo Port City (an international business and services hub), with attractive fiscal incentives to make it comparable to the likes of Dubai, Hong Kong and Singapore

JOIN A VIBRANT ECOSYSTEM OF GLOBAL INVESTORS

Shangri-La's growing investment shows great faith in Sri Lanka.
Shangri-La has invested close to \$850M in Sri Lanka. This includes a luxury hotel, residential apartments, shopping mall and commercial space at the iconic One Galle Face in the heart of Colombo, and a luxury golf resort and spa in the southern region of Sri Lanka.

“Shangri-La cannot be more excited to be a part of this exciting journey to transform Sri Lanka into one of the leading tourism and business travel destinations in Asia”

~Hui Kwong Kuok,
Chairperson, Shangri-La

The ingenuity powering one of the world's leading stock-exchanges
LSEG is a leading developer and operator of high performance technology solutions, including trading & market surveillance for over 40 organizations and exchanges. They opened a state-of-the-art technology facility in Colombo, Sri Lanka in 2016, to support their global technology operations

The development powerhouse behind South Asia's first all electric super-car
“Sri Lanka will not only be admired for its vast biodiversity but most importantly be known for our people who continuously push boundaries to drive change with an innate passion to do great things here in Sri Lanka. I am extremely proud to have such an exceptional talent pool, driven and committed to reach this amazing milestone”

-Harsha Subasinghe CEO, CodeGen International Group of Companies, VEGA Innovations

World private equity giant Blackstone Group entered Sri Lanka in March 2021, buying controlling stake in Piramal Glass Ceylon PLC, in a transaction on the Colombo Stock Exchange. The 56% stake for USD 32Mn was part of the broader acquisition of the Indian giant business in December 2020. Piramal Glass is the market leader for glass packaging in Sri Lanka and Blackstone sees huge export potential in the product segment
