IEC "Expocentre"
Moscow, Russia

What's new in 2021?

Heimtextil Russia is recognised as a leading international trade fair for interior furnishings and home textiles in Russia. It is an effective platform for more than 17 000 buyers from all regions of Russia and CIS countries to find latest collections of textiles and materials for decoration from all over the world and get insights about Russian market.

New location

Heimtextil Russia 2021 will start at a new venue – IEC “Expocentre”, located in the center of Moscow, 5 km from the Kremlin.

Wider range of product groups

New special exposition – Living Design will be dedicated to interior design, home accessories and finishing materials like wallpapers, paints, mouldings and wall panels.

Synergy effects

In 2021, **Heimtextil Russia, Interlight Russia | Intelligent building and Techtextil Russia** unites in one place, on the same dates and creates a global platform for demonstrating materials for interior decoration and finishing: home textiles, interior fabrics, wallpapers, paints, decorative lighting, systems for “smart house” and home accessories.

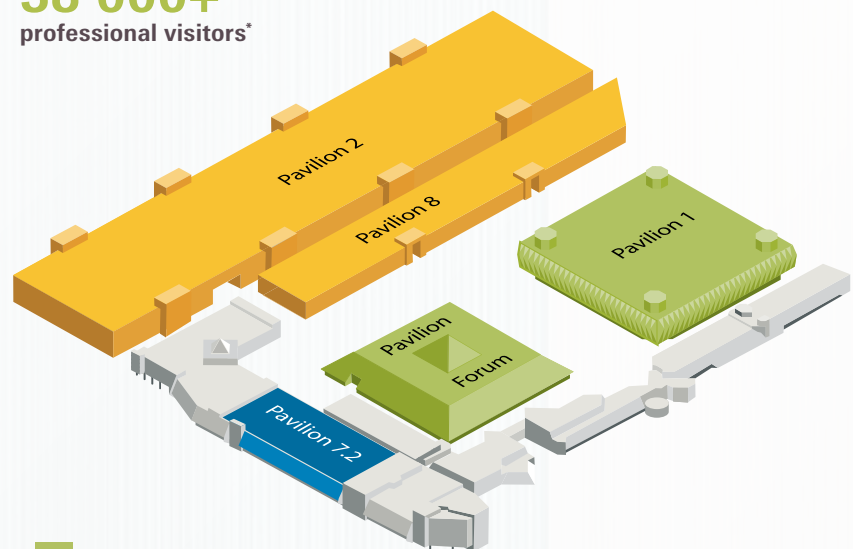

Wholesale buyers, retailers, distributors, furniture manufacturers, designers, architects will have maximum opportunities to find new business contacts.
