

Dear Commercial Consul,

I'm Angelo Ficarra, Export Advisor, and we had the opportunity to meet last week in the Consulate together with my colleague Maurizio Fazzini to discuss our request for a commercial partner search for the limited liability company MNC Srl on behalf of CEO Angelo Iannone.

The company, of which the attached chamber visura, was born two years ago with the aim of entering the fashion sector and producing sweatshirts and clothing with a global audience, through an online and offline distribution network.

We decided to start with the production of 3 models (photo attached), which will be available in all Italian sizes (S, M, L, X, XL) with a very high cotton weight (320g or similar):

- 1- hoodie model: black, grille, white;
- 2- crewneck model: black, grey, cream, brown;
- 3- Zipup model: black, grey, sage.

Below I also indicate the chosen shades and pantone codes of the corresponding colors:

- 419
- 000C
- 10102C
- P1-2U
- 2406C
- 7525CP.

We need to find a Turkish company that can be our partner and produce on commission all three models, sending finished products to Italy.

We would therefore need to know if there are any companies available, contact them in order to have samples and possibly arrange a meeting in Turkey.

Thank you in advance and I look forward to your suggestions.

Cordially,
Angelo Ficarra
